Mr. Bruce T. Johnson
Director of Data Processing
Central Intelligence Agency
Washington, DC

Dear Mr. Johnson:

Bruce —

Thank you for your letter of 27 August detailing information concerning the Burrough's equipment now available as a result of the redirection of the SAFE Project. Currently, we have identified a requirement within the Research and Engineering Organization that could be satisfied by the B6930 computer located at CIA Headquarters, McLean, Virginia. We are aware that there is some outstanding cost still owed on the B6930. NSA is willing to reimburse you for this cost as well as to negotiate a fair-share apportionment of the associated relocation costs.

Sincerely,

A handwritten signature in cursive script, reading "Kermith H. Speierman", is positioned above the typed name.
